

## From Any Computer Outside Pearland ISD

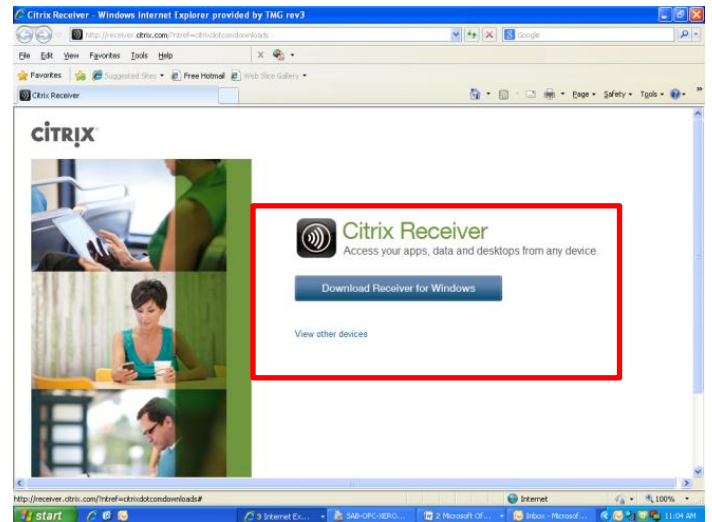

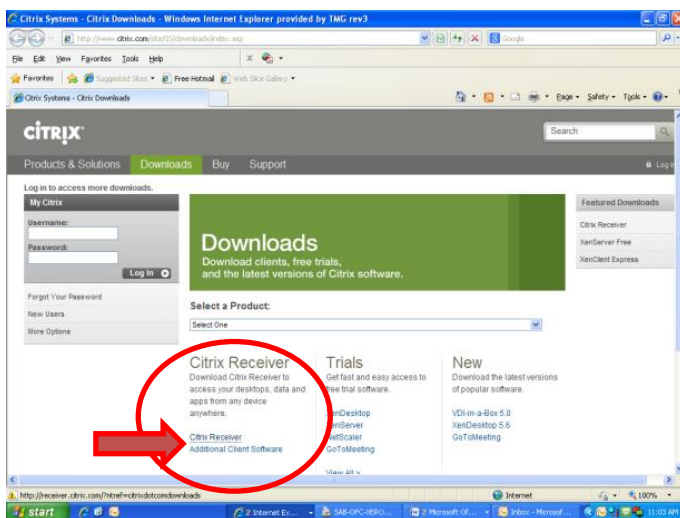

1. From any internet browser, type in : <https://vdesktop.pearlandisd.org>

You should be directed to this screen.

 Please note that connectivity is dependent on your computer's connection speed and type of device used.

2. Click on **INSTALL** (*\*Note you will only have to do this one time on a computer*)
3. You will be taken to the Citrix Receiver download page. Click on the **Citrix Receiver** (*\*avoid any BETA versions*)

4. Click the **Download Receiver for Windows**

5. It will then show you a Downloading screen with instructions follow once the download is complete.

## From any Internet Capable Device (i.e. Smartphone, Tablets, etc.)

1. Download the **App for the Citrix Receiver** to your phone
2. Once it downloads, open the **Citrix Receiver App**
3. Type in **vdesktop.pearlandisd.org** for the Address
4. Type in your **username and password**
5. Enter the **domain as : pearlandisd**  
\*Once setup is complete, you should simply have to login when you wish to access your desktop

## Here's how to access your virtual desktop from home:

- Download the Citrix Receiver from the Citrix site. Click [here](#) to go to the Client Center.
- Once the Receiver is downloaded and installed, you can access your virtual desktop at this site: <https://vdesktop.pearlandisd.org>
- After the site loads, you should see a login screen. You will log in using your Pearland ISD student computer login (i.e. "Student ID#" and your password)
- Once you're logged in, you click on the available virtual desktop.

**TECHNOLOGY WILL NOT BE ABLE TO OFFER SUPPORT FOR YOUR PERSONAL DEVICES, BUT CAN ASSIST IF YOU EXPERIENCE ISSUES WITH YOUR VIRTUAL DESKTOP.**
